

TASKI® Midi Open for Jonmaster

The revolution in professional cleaning

Key advantages

- Modularity
- Flexibility
- Durability
- Cost-efficient
- Increased productivity
- Easy maintenance
- Ideal for any business

The new hub for spray and wipe and pre-wetted cleaning is the TASKI Midi trolley. The trolley is equipped with everything the user needs. Cloths, mops and equipment can be positioned on the trolley where they are easiest to handle.

Spray and wipe cleaning

Improves the productivity by eliminating the need for repeated changes of cleaning solution and is the perfect system to clean smaller and medium sized areas.

Pre-wetted TASKI Jonmaster Cleaning System

Is a complete cleaning system that combines the TASKI trolley with a range of unique microfibre products and associated tools. The TASKI Jonmaster cleaning method guarantees optimal operational efficiency and superior hygienic results.

TASKI® Midi Open for Jonmaster

Key advantages

The TASKI trolley system offers complete modularity, flexibility and highest durability for all cleaning methods. The intuitive design allows to move components and accessories to a variety of different positions and to adapt them to specific work habits and processes. Many features make the trolley easier and faster to use, help to increase productivity and flexibility.

Features

- Modularity: 3 basic platforms unlimited configuration options
- Ergonomics: highly adjustable push bar
- Safety: Non marking wheels, 2 with a brake
- Robustness: High quality material; special coated metal frame with aluminium profile
- Hygienic: Impregnated, anti-microbial grips to avoid cross contamination; complete trolley is autoclavable
- Productivity: A mop box pops out of the side of the cart so a fresh mop can be applied with a minimum of effort

The TASKI Midi Open Trolley is most suitable for cleaning of large-sized areas.
