**Intended purpose** Virex II J-Flex / Virex II J-Fill is an effective low odour quaternary based disinfectant cleaner for use in hospitals, nursing homes, schools and colleges and medical laboratories where controlling the risk of cross contamination is of prime importance. It provides broad spectrum germicidal activity and kills HIV-1, HBV, VRE, MRSA, Avian Influenza Type A, Human Coronavirus 229E and SARS-CoV-2 (COVID-19 virus), controls mould and mildew and more. Hard surface disinfectant only. Not to be used on skin. Not intended to be used on medical devices or other therapeutic goods.

**Specific Conditions**

For the hard surface disinfectants that are retained on the part of the ARTG for registered goods, you, as sponsor, are required to comply with the standard and specific conditions for registered goods in Appendix 4, Standard Conditions applying to Registered or Listed Therapeutic Goods Under Section 28 of the Therapeutic Goods Act 1989 of DR4 applied at the time of registration and is ongoing.

AUST R

Pursuant to Section 28(2B) of the Therapeutic Goods Act 1989, I have decided to impose "The listing number must be placed on the label of the device by writing the number, immediately preceded by "AUST R" so that it is clearly visible to the user on (i) the label of the device; or (ii) the label on the outermost level of packaging in which the device is to be supplied to the user

No Specific Conditions included on Record
