

The VeriClean™ System

Marking High Touch Surfaces* with the VeriClean™ Fluorescent Spray:

Hold the VeriClean Fluorescent Marking Spray 15-23cm away from the surface to be marked.
 Press the pump once to dispense a small amount of liquid marker on the surface.
 Allow the surface to dry.
 Using the **Patient Room Audit Form**, check "Removed" to capture the marked surfaces or
 Using the **iMAP Audit Tool**, select "Yes" to capture the marked surfaces.
