

# Jonmaster<sup>™</sup> Scouring Mop

For perfect scouring!

## Key advantages

- ▶ Top-quality, patented microfibre material
- ▶ Excellent dust and dirt pick-up properties
- ▶ Excellent glide properties
- ▶ One system is needed

## Benefits

- ▶ High mop durability
- ▶ High cleaning performance in high traffic areas
- ▶ High efficiency and m<sup>2</sup>-productivity
- ▶ Extra presses or frames are not needed

The Jonmaster Pro Scouring Mop is especially developed for direct mopping of smooth and structured hard floors and walls with a normal to high dirt level.

The diagonal polyester stripes have been added to provide an excellent scrubbing or scouring effect. This enables even the grouted joints between tiles to be thoroughly cleaned. Marks, stains and caked-on dirt are quickly removed. The microfibres make it easy to penetrate at a finer level than normal fibres, removing more dirt and grease.

All mops provide optimal dust and dirt pick-up and glide properties for minimal operator fatigue, high m<sup>2</sup>- performance and excellent cleaning results and hygiene.

## Application

# Jonmaster™ Scouring Mop

## Technical Data

Description		Description	
Size	LxW: (485-445) x 125	Sizes	LxW: (485-445) x 125
Material	74% Micro Fibre 26% Polyamid	Washing	Machine Wash at 95° max
Weight	40cm: 107gr	Drying	Dry at 60° max
Colour	White - Black		

## Packing details

Description	Colour	Packaging	SKU Number	Availability
Jonmaster Pro Scouring Mop	40 cm	5 pc	7515474	AU & NZ

## Usage

Use the Jonmaster Pro Scouring Mop damp with 100% of it's own weight of moisture to assure the best cleaning effect - removing the need for a second drying pass. The area can therefore be opened to traffic soon after cleaning! When using the mop, fine fibres create a capillary effect within the mop that collects and removes dirt, grease and dust particles from the surface. For these particles to be removed completely the mop needs to be well-rinsed and laundered.

## Caring for your mop

- ▶ Always rinse the mops without detergent
- ▶ Do not launder together with other textiles
- ▶ Do not use any bleach, softener or highly alkaline laundry product
