Excellent deep cleaning results

Deep cleaning through spray extraction is the ultimate way of thoroughly cleaning your carpets. It increases the lifetime of your carpets by removing engrained dirt whilst maintaining high appearance levels of your carpet.

Quick and effective spot cleaning

Keep this machine at hand to tackle any accidents. Together with the optional hand tool accessory and professional stain removal products, disruptions are minimised and efficiently dealt with.

Ease of transportation

Due to its modular design, lightweight and compact size, the TASKI aquamat 10.1 can easily be transported between locations.

Complete range of accessories

The spray device can be used to pre-spray carpet detergent before deep cleaning, maximising cleaning results. The optional 12 cm hand nozzle facilitates deep cleaning of upholstery, stairs and other hard to reach areas. The carpet pile brush lifts the carpet fibres and gives the entire surface a uniform, even appearance and reduces drying time.
