

How to

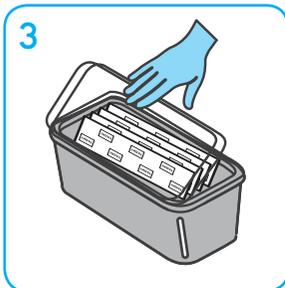

Prepare TASKISUM Single Use Microfibre Mops

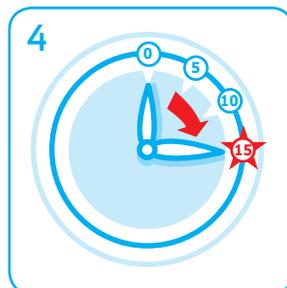

1 Remove mops from packaging and place them on their side in the mop box.

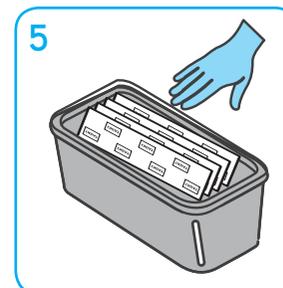

2 Using measuring jug, dampen dry mops with recommended quantity of cleaning solution.

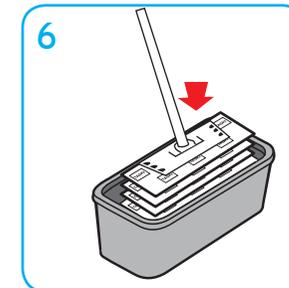

3 Place lid on the mop box and keep closed to maintain moistness in mops.

4 Allow 15 minutes for water to absorb into mops.

5 After half the time, turn the mop pile around so that the TASKI logo side is face up.

6 Attach the mop to the mop head and commence cleaning.

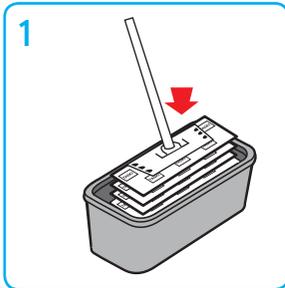

Golden Rules

1. Always dispose the soiled mops and replace them with clean ones after each room.
2. Always start from the cleanest area before moving on to a more dirty area.

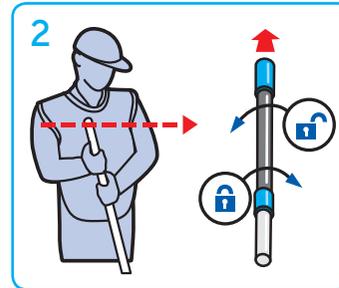

How to

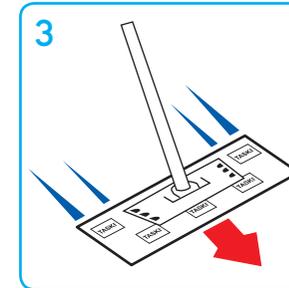

Use TASKISUM Single Use Microfibre Mops

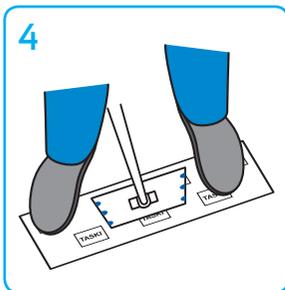

1 Attach the mop to the mop head by applying pressure downwards.

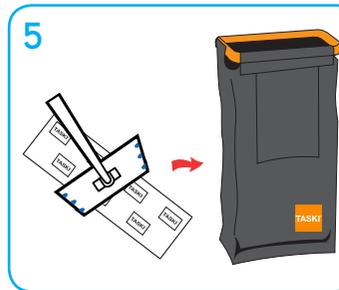

2 Adjust mop handle to comfortable height (chest level). Loosen handle by turning handle lock quarter of a turn to the left and pulling handle upwards. Lock handle in position by turning handle lock half a turn to the right.

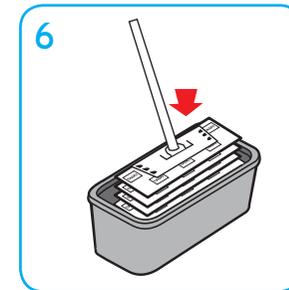

3 Mop the floor with the leading edge of the mop starting at the furthest point from the exit, following a figure of 8 motion. For tough stains apply extra pressure to mop head using the ball of your foot.

4 When mop is soiled, remove from the mop head by stepping on the 2 edges of the mop. With both hands, pull the handle upwards to release the mop.

5 Place the mop head sideways across the mop and lift off the floor. Place in the refuse bag.

6 Replace the dirty mop with a clean one by repeating Step 1 above.

Golden Rules

1. Always dispose the soiled mops and replace them with clean ones after each room.
2. Always start from the cleanest area before moving on to a more dirty area.
